

OVERVIEW OF ORRINGTON REACH THIN LAYER CAP

Community Meeting and Drop-In Session Wednesday | July 19, 2023

Drop-in Session: 2:00 – 5:00 p.m.

Community Meeting: 6:30 – 7:30 p.m.

Location: Orrington Town Hall Annex
One Municipal Way, Orrington, Maine 04474

Everyone is invited to learn about initial plans to place a thin layer cap on mercury-contaminated sediment in the Penobscot River Estuary.

Topics:

- Court-ordered capping of 130 acres of intertidal flats in Orrington Reach (area between Orrington and North Bucksport)
- Requesting permission from landowners to access intertidal flats to collect sediment samples and survey wetlands near proposed capping areas as part of cap design and permitting
- Questions and discussion

Light refreshments provided

Host: Greenfield Penobscot Estuary Remediation Trust LLC,
Trustee of Penobscot Estuary Mercury Remediation Trust
