

PENOBSCOT ESTUARY MERCURY REMEDIATION TRUST

Community Meeting and Drop-in Information Session

Wednesday, October 21, 2026

Alamo Theatre, 85 Main Street, Bucksport, Maine 04416

Learn about progress and plans to address mercury contamination in Penobscot River Estuary sediments.

Topics include

- Thin layer cap pilot project updates
- 2026 long-term monitoring progress
- Preliminary evaluation of contaminated sediment removal

Drop-in Information Session, 2:00–5:00 p.m.

Visit anytime. Talk to Remediation Trust representatives. Ask questions and share thoughts. See posters and handouts.

Community Meeting, 6:00–7:00 p.m.

Get an update on our recent progress, future plans, and responsibilities. Stay for the question-and-answer period and discussion.

Hosted by

Greenfield Penobscot Estuary Remediation Trust LLC,
Trustee of the Penobscot Estuary Mercury Remediation Trust (Remediation Trust)
